Quality Supply is an authorized representative of many MRO lines. We primarily serve the manufacturing industry (Maquiladora) on USA/Mexico Border. QS focuses on: metrology applications, dimensional measure, force measure, cutting processes, torque assembly and material flow applications. QS fully supports its lines providing true tech support and warranty. QS will always try to make the best recommendation based on your application. We sell several lines to serve from the machine shop dept., maintenance dept., tool cribs, QC lab, Incoming inspection, warehouse and production dept.

QS is a locally operated company with more than 10 years of experience in the industry. We value our customers and vendors the most and will always try to make every transaction quick and smooth as possible. Trying always to offer the best quality tool at an affordable price. Ask your sales representative for a catalog or feel free to schedule a visit. You can reach us Monday to Friday 8am to 5pm at 915-222-8863 or email us at sales@qsupply1.com.

Hablamos espano!!!
